I partecipanti hanno scritto dell'esperienza presso di noi...

- *It was a life-changing experience in which I have learnt a lot and improved my study as well as my social skills. I grew up so much in such a short period of time. So as much as I am thankful for what it I want others to benefit from it as well.*
- *It is an interesting experience for the self-searching ones. After all, all the roads lead to Rome, and in Rome you may find yourself.*
 - *Fantastic experience, very eye opening.*
- *The teaching and evaluation methods are different from those in Taiwan, you help students to really learn how to "study". When you know how to learn by yourself, the whole world opens up for you.*
- *I believe it is a good opportunity for many students to expand one's horizons, feel the cultures of other countries, find the differences between people and learn much more which you couldn't find on textbooks.*
- *You can meet friends from quite different backgrounds, and, furthermore, the scholarships offered by this programme can cover most of the costs.*
 - *I truly had one of the best experiences of my life so far*
